# SPHERE

LIVING DESIGN ● ● ●

**Interest in contemporary interiors has never been higher and Bristol now has a store dedicated to the very best designer furniture and accessories.**

Sphere Living Design, situated on Queens Avenue in Clifton, stocks a wide range of chairs, tables, sofas and accessories from some of the world's leading furniture brands and designers.

Iconic pieces from Vitra, Fritz Hansen and Knoll Studio dominate the Sphere Living Design showroom, alongside sparkling glass from Iittala and handmade ceramics from local artists. The shop gives customers an instant sense of modernity as they browse items consistently featured on the sets of Mad Men or Hustle! Take for example the Noguchi coffee table which adorns the reception of The Apprentice TV show where the hapless contestants are often shown the door.

And this is what sets Sphere Living Design apart from other high street furniture retailers: the products it offers represent a world of sophistication and glamour; they ooze style and quality, transforming our homes into places of genuine beauty. This is furniture elevated to the status of conversation pieces or sharp lifestyle statements; products which are, by their very essence, cool.

Furniture designers whose work is available from Sphere Living Design  
Top row: Alvar Aalto - Arne Jacobsen - Kasper Salto  
Middle row: Charles & Ray Eames - Antonio Citterio - Florence Knoll  
Bottom row: Isamu Noguchi - George Nelson - Verner Panton

Take for example the stunning Egg™ chair designed by Arne Jacobsen in 1958 or the Lounge chair from Charles & Ray Eames from 1956. Both pieces represent the 'golden age' of furniture design and are now recognised as absolute classics the world over, but Sphere Living Design is anything but a retro brand.

New items are constantly being added to the shop's stock, including the latest Suita sofa from Vitra and the Favn™ sofa from Fritz Hansen: both exude a timeless elegance which would grace any interior. The range of accessories is also ever-expanding, with a variety of original tableware, clocks and glass providing the perfect complement to any dining area or living room. Limited edition items of art and one-off ceramic items are also available, giving customers the opportunity to purchase something unique.

This is another key component of the Sphere Living Design concept: genuine, original and exclusive products are premium items which will last a lifetime. The number of fake or reproduction products on the market is vast, particularly on the web. Many of the shops or sites selling cheap imitations are doing so knowingly, and are misleading an often unsuspecting public, unaware of the distinctions between the two.

Sphere Living Design stocks only original items in both its Clifton store and online at [www.spherelivingdesign.com](http://www.spherelivingdesign.com). Customers are also invited to subscribe to the company's eNewsletter to receive details of limited editions, events and special promotions exclusive to approved Vitra and Fritz Hansen retail outlets.

**For more information, pop into Sphere Living Design at Embassy House, Queens Avenue, Clifton (0117 929 2365).**
